

**AMENDMENTS TO THE SPECIFICATION:**

Please amend the Title to read as follows:

"Device for dosing and forming disks for pods ~~for~~ containing a product for infusion"

Please amend the paragraph beginning at line 1, page 1 as follows:

The present invention relates to a device for dosing and forming disks for pods for products for infusion.

Please amend the paragraph beginning at line 9 on page 3 as follows:

According to the invention, this aim is achieved through a device for dosing and forming disks for pods containing a product for infusion and comprising a piece of filter material containing a dose of the product for infusion. The device comprises: a station for feeding the product into at least one forming impression defining a single dose of the product and made in means for forming a respective compressed disk of the infusion product and releasing the compressed disk from the impression in the filter material to form the pod.

Please amend the paragraph beginning at line 3, page 4, as follows:

With reference to the accompanying drawings, in particular Figures 1 and 4, the device according to the invention may be used to make disks for pods 1, usually single-dose pods, of filter material containing a product for infusion, such as but not restricted to, an American blend of ground coffee, barley coffee, etc.
